## Women in Business launches in West Kent

The West Kent branch of Women in Business celebrated its launch at the Ramada Jarvis hotel in Tunbridge Wells last month.

Barbara Saul, the Branch Co-ordinator, officially opened the evening, which was attended by nearly 70 women.

Women in Business was conceived as a national networking group for women running their own businesses in the 1990s and has gone from strength to strength ever since. The primary aim of the West Kent branch is to provide support to all women in business. In addition, to encourage the sharing of

information; the exchange of ideas; a culture of self-development within the group; an increased understanding of business issues; new friendships, and maybe even business partnerships.

The Branch covers the whole of West Kent - Sevenoaks, Tonbridge, Tunbridge Wells, Westerham, Edenbridge, West Malling, Maidstone and down to Cranbrook. The planned programme of events includes a variety of both serious and light-hearted topics - all supportive and friendly.

For further information and details on how to join call Barbara on 01732 522535,
